**Matrix Massage loves and feels strongly about giving back to the community** so we can all do better and thrive. We are always looking for ways we can make an impact for other organizations who are trying to make a difference and do good in our community. **We support organizations in many ways and one of those ways is through donations.**

These are some of the organizations we have been able to help through our efforts this year:

- **La Tierra Nuestra Casa, Cancun, Mexico** – We provide ongoing support for La Tierra Nuestra Casa. The world is a valuable resource and we want to protect it just as much as they do. That is why we provide assistance for this organization to **help preserve nature in the area.**
- **Utah AIDS Foundation** – AIDS is an illness that we are still learning a lot about. The Utah AIDS Foundation is on a mission to **help everyone in the area get tested** so they know their status. They are also working hard to **fight for more rights and research** so eventually we can make AIDS a thing of the past.
- **Breast Cancer Awareness, VASA Fitness** – It is important for people to check themselves for breast cancer but not everyone does. That is why we support VASA Fitness and their **goal of spreading breast cancer awareness** in the area.
- **Breast Cancer Awareness, Fitness on 7th** – Just like at VASA Fitness, we work with Fitness on 7th to promote breast cancer awareness. They **provide resources for women of all ages** who wish to know more about the risk.
- **Children's Synergistic Learning Collaborative** – This organization has developed an alternative learning environment for children that was needed in their community. They have a trained crew that **works with children to help broaden their capabilities.** This provides another way for children to grow and learn.
- **The Sharing Place** – It is tragic when grief impacts children and that is why The Sharing Place was started. They **provide grief support and counseling for children** so they can grow up to be functioning adults. They also host events for the children so they can enjoy themselves in a safe environment.
- **Boys and Girls Club** – The Boys and Girls Club is **a great place for children to find role models.** They also offer sports programs for them to participate in. The goal is to help them succeed and eventually become good citizens.
- **Christi Anderson Rack Pack Foundation** – When someone is going through breast cancer, then need all kinds of support. That is where the Rack Pack Foundation comes in. They create and **donate lovely bags full of supplies to help patients** be more comfortable and also know they are not alone.
- **Salt Lake Domestic Violence Coalition** – Domestic violence is no joke. Some people see no way out but this organization works to **help people escape from domestic violence.** They also help them get back on their feet.

- **Oakridge School** – This isn't just any school. It is a school that focuses on excellence in many areas. They provide a *safe learning environment combined with a flexible yet challenging curriculum to help them succeed* throughout life.

**Help make a difference. Feel free to reach out to any of these organizations to volunteer, donate, or help in any way possible. Everything counts! [Contact Matrix Massage Spa](#) for any questions regarding these organizations or to schedule an appointment with us. We would love to hear from you!**
